

Mariia Shchepeleva

Full Stack Web Developer

aerocodepro@gmail.com

+380507545318

My name is Maria, and I am from Mykolaiv, Ukraine.

I have more than 9 years of experience in developing and customizing professional websites in WordPress.

I also worked with Joomla!, Prestashop, and other CMS.

Generally I work as Full Stack developer and designer - I lead a project starting from learning the client's needs, then creating design prototype and finally creating a custom website and installing it to the client's server. I can also work as a lead of a small team when some of these work steps are performed by someone else.

My skills

Web Development:

- ✓ WordPress themes development and customization ;
- ✓ WordPress extensions – ACF, WooCommerce, LearnPress, Event Manager. I can create a customized shop or a learning system
- ✓ responsive HTML/SCSS coding using modern practices.
- ✓ performance optimization;
- ✓ bug fixing;

Design:

- ✓ Figma;
- ✓ Adobe Photoshop;
- ✓ Adobe Illustrator;

Work Experience

Web Developer

Templatemonster.com

May 2012 - October 2015

I worked in the template customization department and was one of those who make various adjustments according to the client's needs - starting from changing color scheme and ending with adding custom functionality or moving the website to another engine.

Full Stack

AeroCode.pro

2015 – Present time

AeroCode is a brand I created to showcase my portfolio. Here I work mostly as freelancer for my new and returning clients, making websites from scratch - exploring client's needs, creating designs and then creating custom themes in WordPress. I also provide support and teaching for clients, so they could manage their websites.

Education

Admiral Makarov National University of Shipbuilding

Applied Linguistics

Specialist

2006-2011

Interests

In my free time I teach social dancing (kizomba and bachata) and work as a manager of a local social dance school.
